TOP NEWS FROM THE ELIZABETHTOWN PACKAGING PLANT

Spring 2023

## **HOSTING LOCAL PLANT MANAGERS**

On February 16, the Kruger Packaging Elizabethtown Plant hosted the Industrial Foundation's February Facility Managers Meeting. Many plant managers from local industries, as well as Elizabethtown's Mayor, attended the event.

After sharing ideas over lunch, General Manager John Keith led a tour of the facility for all the attendees.

## A PERFECT SHIFT

On February 24, we had our first perfect shift on a machine in our Elizabethtown Plant. Our 8.20 crew ran all 8 hours above goal and ran 130,000 kicks boxes for the shift, which is also the new record for Etown and not far off the Kruger record.

Congratulations to Tyler, Jeff and Nate for the excellent job they did, and thank you to all of our employees for your hard work!

#### THE TEAM: JACLYN WHITFILL

Rotary Die Cut Operator Jaclyn Whitfill shows up every day, ready to make a difference for our customers by helping build the best boxes - not iust here in Kentucky, but across the United States!

### **COMMUNITY SPOTLIGHT**

## SPRING HAS SPRUNG

As part of the City's Adpot-A-Street initiative, the Elizabethtown Packaging Plant decided to start their spring cleaning.

In December last year, we adopted two roads— North Black Branch Road and Pritchard Parkway— to give back to our new Kentucky home. With the snow melting and the flowers blooming, we figured it was time for some spring cleaning.

That's why we took time out of work recently to make sure E'town and Hardin County roads are clean and beautiful.
